Catherine Buteau

UX and Graphic Designer

EXPERIENCE

Interaction Design Consultant, NCET Laboratory

2026 · Université Laval, Québec City

- Conducted **user research** to identify ways to simplify an existing tool.
- Led **interviews** and **usability tests** with professionals and end users.
- Designed **interfaces** that account for real-world conditions of use.
- **Prototyped** interactions and refined them based on test results.
- Translated the organization's needs into simple, intuitive experiences, supported by **clear documentation**.

Graphic Designer, Québec Ministry of Health and Social Services

2024 – 2025 · Student position

- Designed and produced print materials: **brochures**, **leaflets** and **government publications**.
- Created digital content: **web banners**, **social media visuals** and **motion graphics**.
- Ensured consistency with the Government of Québec's **visual identity program (PIV)** and document **accessibility**.
- Took part in ideation and project kickoff meetings to turn communication needs into concrete deliverables.

OTHER EXPERIENCE

Student jobs

2016 – 2023 · René Matériaux Composites, Mode Choc, Subway

- **Customer service**, **versatility** and **organization**, at reception, at the checkout and in inventory.
